NCLHDA STRATEGIC ROADMAP JULY 2021-JUNE 2025

MISSION Support North Carolina Local Health Departments in innovating and advancing public health through accreditation

VISION All North Carolina Local Health Departments utilize the accreditation process to continually build their capacity to equitably respond to the unique health needs of their community

CORE VALUES & PRACTICES

Quality	We view accreditation as a dynamic learning process, and we continually assess and revise our program to improve over time.
Partnership	We engage with partners to share perspectives, effectively leverage our resources and maximize our collective impact.
Equity	We work with partners to advance and improve system-level changes to promote and enhance diversity, equity and inclusion for all.
Adaptability	We respond to changes in the field, balancing clarity, flexibility and consistency.
Reliability	We provide reliable leadership, expectations and resources.
Transparency	We communicate clearly and openly share program information and decisions
Efficiency	We streamline efforts to maximize impact and reduce duplication.

STRATEGIC PRIORITIES

1. Evolve NCLHDA standards, benchmarks and activities as state strategy and local capability progresses
2. Streamline the NCLHDA program for efficiency, interoperability and relevancy
3. Build quality improvement into the NCLHDA program structure
4. Lead efforts to improve diversity, equity and inclusion through the accreditation program
5. Intentionally engage partners, including but not limited to Health Directors, Boards of Health, County Commissioners, DPH, Commission for Public Health and State Legislature, in NCLHDA program impacts and accomplishments to support the capacity of the public health system overall

ONE-YEAR MILESTONES

1. Expand NCLHDA Accreditation Dashboard use beyond evidence submission and review
2. Roll out the HOSA Interpretation Document v7.0
3. Collaborate with LHDs to design quality improvement and equity supports
4. Initiate the process of reviewing administrative rules
5. Explore options for sustainable remote site visits
6. Build an interactive system for visualizing data about accreditation activities

9

Strategic Work Plan Purpose

- Define goals, objectives, and activities for each priority
- Determine how to measure progress towards priorities across four-year period
- Transparently communicate program plans
- Iterate as needed – it's a living document!

18

Big Picture Expectations – across priorities

- Draft phase 3 revisions in a way that considers other processes, reduces duplication, incorporates more quality improvement, and creates clear ties to health equity.
- Build accreditation-related partnerships
- Provide additional supports

19

Using the VMSG Dashboard for Strategic Planning

20

VMSG Reminders

- Totally optional to use VMSG in this way
- Different user permissions outside of Accreditation group
- 10 user accounts per LHD, can always add more
 - You can adjust user settings yourself
- VMSG can help answer questions about non-accreditation dashboard uses!
