

NORTH CAROLINA

Local Health Department
Accreditation

WE NEED YOUR INPUT

The final draft of the rule changes for accreditation standards and activities are open for review. The survey is open September 18 – October 11, 2024.

The North Carolina Local Health Department Accreditation (NCLHDA) program has been working to update the accreditation standards and activities to reflect current public health practice. This revision will reduce the number of activities from 147 to 47.

Our intention is to act on what you've told us in past surveys – to eliminate dual reporting, focus on higher level operations, and to increase the value of the accreditation process.

The program and the Board invite agency accreditation coordinators, health directors, and other accreditation team members to share your perspectives about the proposed rules.

Contact us at NCLHDaccreditation@unc.edu with any questions.

Visit go.unc.edu/rules24 or scan the code to share your perspective.
